

TEN BROECK CENTER VISITATION FACT SHEET:

- **All visitors will be screened for signs and symptoms for COVID-19.** Entry will be denied for those with signs or symptoms or those who have had close contact with someone with COVID-19 infection in the prior 14 days (regardless of vaccination status).
- Hand hygiene must be performed before and after visitation and between contact with residents (use of alcohol-based hand rub is preferred).
- The use of surgical masks is required, the facility will provide if needed.
- Social distancing of at least six feet between persons is encouraged.
- Outdoor visitation is always preferred, even when the resident and visitor are fully vaccinated against COVID-19.
- Visitation will occur in our visitation space or in a residents room.
- If a visitor tests positive for COVID-19 and has visited the facility within 2 days of their positive result or onset of symptoms they must notify the facility immediately so we can conduct contact tracing.
- **The facility encourages all visitors to be fully vaccinated and/or tested for covid-19(PCR or Antigen within 3-5 days of visit) before a visit.**
- Documentation must include the following for each visitor to the nursing home: first and last name of the visitor; physical (street) address of the visitor; daytime and evening telephone number; date and time of visit; and email address, if available.
- If a resident's roommate is unvaccinated or immunocompromised (regardless of vaccination status), visits should not be conducted in the resident's room, if possible.
